SUMMARY

KEY INFORMATION

Background

VCTs were introduced by the UK Government in 1995 to encourage individuals to invest in UK smaller companies. The Government achieved this by offering VCT investors a series of attractive tax benefits. As a result of these tax benefits, the total invested in VCTs between 1995 and 2009 was more than £3 billion (source: Octopus Investments).

Investment Policy

The investment policy of Octopus Titan VCT 4 is designed to provide investors with exposure to a range of UK smaller companies with the aim of generating a substantial level of returns over the medium to long term. In order to achieve this, the Fund will focus on providing early stage, development and expansion funding to unquoted companies with a typical deal size of £0.2 million to £2 million. It is expected that the portfolio of holdings that will be built by the Fund will encompass investments in 20-30 unquoted companies (assuming full subscription under the Offer).

Award Winning Investment Manager

Octopus Titan VCT 4 will be managed by Octopus Investments, one of the UK's leading specialist fund management companies with more than £1 billion under management across its range of products (unaudited information as at 30 September 2009). Octopus currently manages sixteen VCTs, more than any other fund manager. Financial advisers voted Octopus "Best VCT Provider of the Year" at the Professional Adviser awards in each of 2007, 2008 and 2009.

The team at Octopus has an excellent track record of making investments into early stage unquoted companies over the last 8 years. Over this time period, the Octopus team has invested £38 million in 36 companies. Across the entire portfolio (including those investments not yet sold), the team's annual rate of return is 15.7% (Source: Octopus Investments (unaudited)).

Tax Benefits

You will receive 30% upfront income tax relief on your investment in Octopus Titan VCT 4 provided you hold your shares for five years. This means that if you invest £20,000 in the VCT, your income tax bill for the tax year in which you make the investment will be reduced by £6,000. Therefore, your investment of £20,000 will only cost you £14,000, after receipt of the income tax relief providing you with an effective return on your net investment after initial costs of 35% before the Fund makes its first investments. In addition, dividends paid by the VCT and capital gains on the shares are both exempt from tax.

The Offer

It is proposed to allot pursuant to the Offer between 1 million and 25 million Ordinary Shares to the public during the 2009/10 and 2010/11 tax years. The Ordinary Shares will be offered at 100p per Share payable in full. The Offer will be open from 8:00am on 12 November 2009 until the earlier of 2:00pm on 30 April 2010 and the date on which the maximum subscription is reached (or until such time as determined by the Directors), not being later than 31 August 2010. Application will be made to the UK Listing Authority for the Ordinary Shares issued pursuant to the Offer to be admitted to the Official List and to the London Stock Exchange for admission to trading on its market for listed securities.

How to Invest

An Application Form is attached at the end of this prospectus. The minimum investment is £3,000. Although there is no maximum size of investment, tax reliefs are available on a maximum VCT investment of £200,000 per individual in any one tax year.

Category of Potential Investors

A typical investor for whom the Offer is designed is a UK income tax-payer over 18 years of age with an investment range of between £3,000 and £200,000 who, having regard to the risk factors set out at the front of this document, considers the investment policy of the Fund to be attractive. This may include retail, institutional and sophisticated investors and high net worth individuals who already have a portfolio of non-VCT investments.

Key Risk Factors

Although the tax benefits available to investors in Octopus Titan VCT 4 are significant, there are a number of key risk factors of which investors should be aware:

- There can be no assurances that Octopus Titan VCT 4 will meet its objectives, identify suitable investment opportunities or be able to diversify its portfolio. Please remember that the past performance of the Investment Manager is no guide to future performance and that the value of an investment into Octopus Titan VCT 4 may fall as well as rise and an investor may not receive back the full amount invested.
- * There can be no guarantee that Octopus Titan VCT 4 will qualify as a VCT or that such status will be maintained which could lead to adverse tax consequences for investors, including a requirement to repay the 30% income tax relief.
- Investors may find it difficult to realise their investment in Octopus Titan VCT 4 and the price at which the Ordinary Shares are traded may not reflect the net asset value of the Fund.

- Investments made by Octopus Titan VCT 4 will be in companies which have a higher risk profile than larger “blue chip” companies and whose shares are not readily marketable and therefore may be difficult to realise.

This summary conveys the essential characteristics and risks associated with Octopus Titan VCT 4 and the Ordinary Shares and should be read as an introduction to the Prospectus. Any decision to invest should be based on consideration of the Prospectus as a whole by the investor. Where a claim relating to the information contained in this Prospectus is brought before a court, the claimant investor might, under the national legislation of the EEA states, have to bear the costs of translating the Prospectus before the legal proceedings are initiated. Civil liability attaches to those persons who are responsible for this summary, but only if the summary is misleading, inaccurate or inconsistent when read together with other parts of the Prospectus.

RISK FACTORS

Although the tax benefits available to investors in Octopus Titan VCT 4 are significant, there are a number of risk factors of which investors should be aware.

As with most investment products, prospective investors should be aware that the value of Ordinary Shares, and the income from them, may go down as well as up and an investor may not receive back the full amount originally invested. The price at which the Ordinary Shares are traded may not reflect the net asset value of the Fund.

Having regard to the investment objectives of the Fund and the conditions upon which the tax reliefs are available, Octopus Titan VCT 4 should be considered as a long-term investment. Investing in Octopus Titan VCT 4 carries particular risks. All material risk factors are set out below:

- Past performance of the Investment Manager is no guide to the future performance of Octopus Titan VCT 4.
- Levels and bases of, and relief from, taxation are subject to change. Such changes could be retrospective. The tax reliefs described are based on current legislation, practice and interpretation and the value of tax reliefs depends upon personal circumstances.
- Investors should be aware that the sale of Shares within five years of their subscription will require repayment of the 30% income tax relief available upon investment to the extent of the amount received from such sale. Accordingly, investment in Octopus Titan VCT 4 should be viewed as a longer term investment.
- Any change of governmental, economic, fiscal, monetary or political policy could materially affect, directly or indirectly, the operation of Octopus Titan VCT 4 and/or its ability to achieve or maintain final VCT status.
- Investors must follow certain simple steps to receive the income tax relief. However, it is possible for investors to lose their tax reliefs by not taking these steps.
- Octopus Titan VCT 4 is seeking up to £25 million under the Offer. To the extent that a relatively small level of funds is raised, Octopus Titan VCT 4 may not be able to diversify its portfolio.
- Should only the minimum subscription of £1 million be raised, potential investors should be aware that the fixed costs of running Octopus Titan VCT 4 will be proportionately higher and, therefore, a lower proportion of applicant's monies will be available to be invested in accordance with the stated investment strategy as set out in Part 1 of this document.
- There can be no assurance that Octopus Titan VCT 4 will meet its objective or that suitable investment opportunities will be identified.
- Whilst it is the intention of the Directors that Octopus Titan VCT 4 will be managed so as to qualify as a VCT, there can be no guarantee that Octopus Titan VCT 4 will qualify as a VCT or that such status will be maintained. A failure to meet the qualifying requirements could result in Octopus Titan VCT 4 losing the tax reliefs previously or prospectively obtained, resulting in adverse tax consequences for investors, including a requirement to repay the 30% income tax relief.
- Investments made by Octopus Titan VCT 4 will be in companies whose shares are not readily marketable and therefore may be difficult to realise. The fact that a share is traded on AIM or the PLUS market or any other stock market does not guarantee its liquidity. The spread between the buying and selling price of such companies' shares may be wide.
- Octopus Titan VCT 4 must invest in companies with gross assets of not more than £7 million prior to investment. Individually, such companies generally have a higher risk profile than larger companies. In addition, each company must have less than 50 employees at the time of investment. Such companies generally have a higher risk profile than larger companies.
- The performance of Octopus Titan VCT 4 may be difficult to assess due to the frequency of calculation of its net asset value. Prospective investors should be aware that the net asset value of Octopus Titan VCT 4 will only be audited on an annual basis. The Ordinary Shares may trade at a discount to net asset value. The audited full-year net asset value and the unaudited interim net asset value will be announced through a Regulatory Information Service.
- Early stage businesses may not have proved their business model and may have little or no revenue at the time of investment and investing in them may, therefore, involve greater risk than investing in companies at a more advanced stage of development.

LETTER FROM THE CHAIRMAN

Octopus Titan VCT 4 plc
8 Angel Court
London EC2R 7HP
11 November 2009

Dear Investor,

I am delighted to be writing to you as Chairman of Octopus Titan VCT 4 plc. The Fund will be managed by Octopus Investments, which is a leading specialist investment management company with more than £1 billion under management across its range of products. Octopus has been managing VCTs since 2001 and financial advisers voted Octopus "Best VCT Provider of the Year" at the Professional Adviser awards in 2007, 2008 and 2009.

In common with the earlier Octopus Titan VCTs, the Fund has several compelling features that I believe make it an attractive investment opportunity:

Substantial Tax Benefits

The Fund provides investors with access to the attractive tax benefits associated with an investment in a VCT:

- 30% income tax relief on amounts subscribed up to £200,000 in each of the 2009/10 and 2010/11 tax years (provided the Shares are held for at least 5 years)
- Tax-free distributions and capital gains

Experienced fund manager

The Octopus team that will be managing Octopus Titan VCT 4 has an excellent track record of investing in early-stage companies. Since its formation, the team has invested £38 million into 36 companies generating (across the entire portfolio) an unrealised annual rate of return of 15.7% (Source: Octopus Investments (unaudited)).

Next Steps

In order to invest, please read the Prospectus and then complete the Application Form which is at the end of this document. If you have any questions regarding Octopus Titan VCT 4, you should contact your financial adviser or call Octopus on 0800 316 2298. Please note that Octopus is not able to provide you with investment advice and your attention is also drawn to the risk factors on pages 6 to 7.

I look forward to welcoming you as a Shareholder.

Yours sincerely

Gregor Michie
Chairman, Octopus Titan VCT 4 plc

PART ONE

INTRODUCTION TO THE OFFER

An investment in Octopus Titan VCT 4 will provide individuals with exposure to a diversified portfolio of unquoted UK smaller companies with the aim of generating a substantial level of returns over the medium to long term. The Offer will remain open until 30 April 2010 unless fully subscribed at an earlier date or unless previously extended by the Directors, to no later than 31 August 2010.

TAX BENEFITS FOR INVESTORS

The Fund is structured as a VCT to allow investors to take advantage of substantial tax benefits, including 30% income tax relief on the amount invested. The income tax relief means that taxpayers should benefit from a £3,000 reduction in their tax bill for every £10,000 invested, provided the Shares are held for a period of 5 years. In addition, dividends paid by the Fund will be tax free and there will be no capital gains tax on a disposal of Shares.

The following shows the effect of the income tax relief for an individual who invests £10,000:

Initial investment	£10,000
Less income tax relief	£3,000
Effective cost to investor	£7,000

i.e. An investment of £10,000 only costs £7,000 after taking into account the 30% income tax relief, providing an effective return after initial costs of 35% before the Fund makes its first investment.

Investors can elect to have their shares allotted in either the 2009/10 or 2010/11 tax years.

The above is only a brief summary of the UK tax position for investors in VCTs and is based on the Company's understanding of current law and practice. Further details are set out in Part 2 of this document. Details of how to claim the income tax relief are set out on page 16.

THE INVESTMENT MANAGER

The Investment Manager of Octopus Titan VCT 4 is Octopus Investments, one of the UK's leading specialist fund management companies with more than £1 billion under management across its range of products (unaudited information as at 30 September 2009). Octopus currently manages 16 VCTs, more than any other fund manager. Financial advisers voted Octopus "Best VCT Provider of the Year" at the Professional Adviser awards in each of 2007, 2008 and 2009.

In March 2009, Octopus was appointed by Capital for Enterprise Limited (a company that is wholly-owned by the Department for Business, Innovation and Skills) to manage a £30 million fund on behalf of the UK government and HSBC, Barclays, Lloyds Banking Group and The Royal Bank of Scotland.

Octopus has more than 100 staff, including approximately 30 investment professionals, and has twice been voted as one of the "Top 100 Small and Medium-Sized Companies to Work For" in the Sunday Times survey. Octopus is also one of only two fund management companies that have received a rating of AAA for financial planning from Citywire.

INVESTMENT POLICY

The investment policy of Octopus Titan VCT 4 is designed to provide investors with exposure to a range of UK smaller companies with the aim of generating a substantial level of returns over the medium to long term. In order to achieve this, the Fund will focus on providing early stage, development and expansion funding to unquoted companies with a typical deal size of £0.2 million to £2 million. It is expected that the portfolio of holdings that will be built by the Fund will encompass investments in 20-30 unquoted companies (assuming full subscription under the Offer).

In order to comply with VCT rules, the Fund must, within a 3 year period, have (and subsequently maintain) at least 70% of the value of its investments represented by Qualifying Investments. Further information on the VCT rules is set out in Part 3.

The Board of Octopus Titan VCT 4 does not intend to vary the Fund's investment policy, which will be adhered to for at least three years following listing. However, should a material change in the investment policy be deemed appropriate this will be done with shareholders' approval and in accordance with the Listing Rules.

Qualifying Investments

Octopus Titan VCT 4 will focus on establishing a portfolio of Qualifying Investments in companies that have the potential to achieve a high level of profitability through the combination of:-

- **Scalability:** The potential to deliver services to significant numbers of new customers at very low incremental cost and to generate repeat sales from customers.
- **Scope:** The ability to expand into complementary areas by leveraging customer and/or distributor relationships, new product development or brand positioning.
- **Pricing power:** An ability to charge high and defensible prices for its products or services as a result of having intellectual property rights, a strong brand and/or a dominant position in a market niche.

The Investment Manager will look to identify opportunities where the people involved - the entrepreneur, management team, investors, advisers and any other significant stakeholders - have a proven record of success.

Although the Fund will have the ability to invest across a wide range of industries, it is expected that the focus will be on several principal sectors:-

- environment
- technology
- media
- telecoms
- consumer lifestyle and wellbeing

Non-Qualifying Investments

Prior to investment into Qualifying Companies the Fund's assets will be invested in a range of money market funds. In addition, in order to provide some exposure to a broad range of small and medium sized companies, up to 30% of the proceeds raised by Octopus Titan VCT 4 will also be invested in other funds managed by Octopus, including the CF Octopus Partner Fund (UK Smaller Companies) and the CF Octopus Partner Fund (Absolute Return).

The CF Octopus Partner Fund (UK Smaller Companies) invests into main-market and AIM-quoted smaller companies with a focus on companies with a market capitalisation at the time of investment of less than £100 million. The fund is fifth (out of 54 smaller companies funds) in the period from the fund's launch in July 2007 to 30 September 2009 (source: Lipper). The CF Octopus Partner Fund (Absolute Return) is focused on generating absolute returns by taking both long and short positions in companies across the size spectrum and is first (out of 11 absolute return funds) in the period from the fund's launch in March 2008 to 30 September 2009, having increased in value by more than 90% during that period (source: Lipper).

Asset Allocation

From the end of the three year initial investment period, the Fund is expected to have the following investment profile:-

- 75-85% in Qualifying Investments
- 15-25% in Non-Qualifying Investments

RISK MANAGEMENT AND BORROWING

The Directors will control the overall risk of the portfolio by ensuring that the Fund has exposure to a diversified range of unquoted companies from a number of different sectors. In order to limit the risk to the portfolio that is derived from any particular investment, at all times no more than 15% by value of the Company's investments (at the time of investment) will be invested in any single company or other listed closed-ended investment fund.

It is not intended that Octopus Titan VCT 4 will borrow money for the purposes of making investments. However, the Company has the power in its articles of association to borrow up to 20% of the aggregate of (1) the amount paid up (or credited as paid up) on the allotted or issued share capital of the Company; and (2) the amount standing to the credit of the reserves, whether or not distributable, after adding or deducting any balance standing to the credit or debit of the profit and loss account, as adjusted in accordance with the Company's articles of association

DIVIDEND POLICY

VCTs are able to distribute realised capital profits from the sale of underlying investments and income. These distributions are not subject to any further tax to Qualifying Investors. In order to qualify as a VCT, the Fund may not retain more than 15% of the income it receives from shares and securities.

The amount of these dividends depends, amongst other things, on the amount raised by the Offer, the performance of the Non-Qualifying Investments and the level of income and capital returns generated by the Qualifying Investments. In the medium to long term the size of dividends paid to shareholders will depend largely on the level of profits realised from the disposal of investments.

INVESTMENT PROCESS

The Investment Manager follows a multi-stage process prior to making Qualifying Investments in unquoted companies.

Initial Screening

If the initial review of the business plan is positive, a meeting is held with the management team of the business in order to assess the team in terms of its ability to achieve the objectives set out in the business plan. The proposition is then discussed and reviewed with the other members of the Octopus team and a decision is taken as to whether to continue discussions with the company with a view to making an investment.

Due Diligence

Prior to making an investment, due diligence is carried out on the potential investee company. The due diligence process includes a review of the investee company's technology, discussions with customers and suppliers, competitive analysis, assessment of the capabilities of the management team and financial analysis. In addition, the input of existing Octopus clients is also sought, where appropriate, as the client base may include individuals who have or have had senior roles in a range of organisations giving them industry knowledge and experience that is relevant to an assessment of the capabilities of the potential investee company.

Additionally, Octopus also draws on professional input from lawyers, accountants and other specialists as required in order to conduct the due diligence and draw up the required legal documentation in order to complete an investment.

Post-Investment Monitoring

Octopus will usually appoint a director to the board of each investee company. The majority of the investments are expected to be held for approximately five years. There may, however, be opportunities to exit profitably on shorter timescales. The Investment Manager will conduct a regular review of the portfolio, during which each investee company will be assessed in terms of its commercial and financial progress, its strategic positioning, requirement for further capital, progress towards an eventual exit and its current and prospective valuation. As each company matures, the exit considerations become more specific, with a view to establishing a definitive action plan in order to achieve a successful sale of the investment. Throughout the cycle of an investment the Investment Manager will remain proactive in determining the appropriate time and route to exit. It is expected that the majority of exits will be by means of trade sale.

BUYBACK POLICY

In order to improve the liquidity of the shares of Octopus Titan VCT 4, Octopus is developing strategies that it will use to increase the awareness of the attractions of buying shares in VCTs in the secondary market with the aim of creating a market for those Shareholders who want to dispose of their holdings. However, in order to underpin the ability of Shareholders to dispose of their shareholdings, it is intended that Octopus Titan VCT 4 will operate a buyback policy where, subject to having the requisite authorisations in place and having distributable reserves and sufficient financial resources, it is envisaged that purchases of Shares will be made at a 10% discount to the prevailing net asset value. To facilitate this, it is intended that Octopus Titan VCT 4 will conduct annual top-ups of up to 10% of its share capital.

THE BOARD

The Board consists of three directors, two of whom are independent of Octopus and the other funds that it manages. The Board has overall responsibility for Octopus Titan VCT 4 and its Investment Policy.

MANAGEMENT REMUNERATION

MANAGEMENT FEES

Octopus has been appointed as the investment manager of Octopus Titan VCT 4, under the terms of an investment management agreement, further details of which are set out on page 31. The agreement is for an initial period of five years from Admission, and may be terminated by either party on 12 months' notice expiring at the end of the fixed term or at any time thereafter.

Under the agreement the Investment Manager will receive:

- (a) an annual management fee of 2.0% of the net assets of the Fund (payable quarterly in advance); and
- (b) a performance fee which is outlined in more detail below.

The Investment Manager retains the right to charge arrangement, exit and syndication fees to the unquoted companies in which the Fund invests. Such charges are in line with industry practice. The costs of all deals that do not proceed to completion will be borne by the Investment Manager and not by Octopus Titan VCT 4. The Investment Manager may also receive ongoing directors' fees and monitoring fees from the investee companies as appropriate and in line with market practice.

Performance related incentive fee

In line with industry practice, Octopus will be entitled to a performance related incentive fee. The incentive fee is designed to ensure that there are significant tax-free dividend payments made to Shareholders as well as strong performance in terms of capital and income growth, before any performance related incentive fee payment is made. Therefore, if by the end of a financial year (commencing no earlier than close of the 2013 financial year), declared distributions per Share have reached 40p in aggregate and if the Performance Value at that date exceeds 130p per Share, a performance incentive fee equal to 20% of the excess of such Performance Value over 100p per Share will be payable to Octopus. If, on a subsequent financial year end, the Performance Value of Octopus Titan VCT 4 falls short of the Performance Value on the previous financial year end, no incentive fee will arise. If, on a subsequent financial year end, the performance exceeds the previous best Performance Value of Octopus Titan VCT 4, the Investment Manager will be entitled to 20% of such excess in aggregate.

Administration fees

Octopus has agreed to provide administrative and accounting services to Octopus Titan VCT 4 for an annual fee of 0.3% (plus VAT, if any, at the applicable rate) of the net assets of the Fund payable quarterly in advance and company secretarial services for an annual fee of £15,000 plus VAT payable quarterly in advance. The agreement may be terminated by either party on 6 months' notice expiring at the end of the fixed term or at any time thereafter.

OTHER INFORMATION

THE OFFER FOR SUBSCRIPTION

It is proposed to allot pursuant to the Offer between 1 million and 25 million Shares to the public. The Shares will be offered at 100p per Share payable in full, by cheque or banker's draft, on application. Application will be made to the UK Listing Authority for the Ordinary Shares issued pursuant to the Offer to be admitted to the Official List. Application will also be made to the London Stock Exchange for admission to trading on the London Stock Exchange's market for listed securities.

The Offer will be open from 8:00am on 12 November 2009 until 2:00pm on 5 April 2010 in the case of applications for the 2009/10 tax year and until 2:00pm on 30 April 2010 in the case of applications for the 2010/11 tax year, unless fully subscribed earlier or previously extended by the Directors (in the case of applications for the 2010/11 tax year) to a date no later than 31 August 2010. Confirmation that applications have been received will be sent to applicants. Applicants should note that dealings may begin in those shares allotted to them prior to confirmation of receipt of the application.

The Offer is conditional on a total minimum subscription of £1 million (before expenses) being achieved. If this minimum subscription level is not reached by 5 April 2010, application monies which have been received will be returned without interest by post at the risk of the applicant unless the Company publishes a supplementary prospectus stating that the total minimum subscription upon which the Offer is conditional has been reduced. In the event that the Offer is oversubscribed, allotment will be made to investors on a first come, first served basis. Any excess amounts paid by applicants will be refunded by cheque to the person named in Section 1 of the Application Form, without delay.

The Shares will be issued on a fully paid up basis in registered form. Shares will be allotted and issued in respect of valid applications under the Offer as soon as the minimum subscription of £1 million has been reached and at any subsequent times on or prior to 31 August 2010 on which the Directors decide. Details of any such allotments will be announced through a Regulatory Information Service provider by no later than the end of the business day following the allotment and dealings in such shares are expected to commence within 10 business days of allotment.

If the Company is required to publish a supplementary prospectus, subscribers who have yet to be entered on to the Company's register of members will be given two days to withdraw from their subscription. In the event that notification of withdrawal is given by post, such notification will be effected at the time the subscriber

posts such notification rather than at the time of receipt by the Company.

The terms and conditions of the Offer are set out in Part 5 along with an Application Form and details of the application procedure.

MINIMUM AND MAXIMUM INVESTMENT

The minimum subscription level under the Offer will be £3,000. Applications in excess of £3,000 may be made for any higher amount in multiples of £1,000, subject to availability. The maximum investment on which income tax relief can be claimed is £200,000 in each of the 2009/10 and 2010/11 tax years.

Applicants may make multiple applications under the Offer provided that the investor guidelines for VCTs are followed.

CLAIMING THE INCOME TAX RELIEF

The process for obtaining the income tax relief is both quick and easy. First, Octopus will send you a share certificate and a tax certificate a few weeks after you make the investment. You then have two options on how to reclaim the tax relief:

Either

You can write to your HM Revenue & Customs office and ask them to change your tax coding under the PAYE system (this is the system that calculates how much tax you pay each month). You will then receive your income tax relief on a monthly basis through your pay cheques.

Or

You can wait until you fill in your tax return at the end of the tax-year.

A more detailed explanation of the taxation considerations for investors is given in Part 2 of this document.

LAUNCH COSTS

Octopus has agreed to underwrite all the costs of the Offer in return for an initial fee of 5.5% of the gross funds raised (i.e. 5.5p per Share) such that the initial net assets of Octopus Titan VCT 4 will be equal to 94.5p per Share. Out of this fee, Octopus will be responsible for paying all of the costs of the Offer including any initial intermediary commissions.

INTERMEDIARY COMMISSION

Authorised financial intermediaries will usually be entitled to receive an initial commission of 2.5% on the amount invested by their client. Additionally, provided that the intermediary continues to act for the client and the client continues to be the beneficial owner of the Shares,

Octopus Titan VCT 4 will pay intermediaries an annual trail commission of 0.5% of the initial net asset value.

RUNNING COSTS

Assuming full subscription, annual running costs of Octopus Titan VCT 4 are estimated to be no more than 2.9% of net assets (excluding irrecoverable VAT). The running costs of Octopus Titan VCT 4 will include the management fee described above (excluding the performance fee), accounting and administration fees, Directors' fees, company secretarial fees, audit, taxation advice, sponsor's and registrar's fees and the costs of communicating with Shareholders. If the Offer is not fully subscribed, the annual running costs will be higher than the above figure. Total running costs of Octopus Titan VCT 4 will be capped at 3.2% per annum of its net assets (excluding trail commissions and any irrecoverable VAT).

VCT STATUS MONITORING

Octopus Titan VCT 4 has retained PricewaterhouseCoopers LLP ("PwC") to advise on tax matters generally and, in particular, the maintenance of VCT status. HMRC has given provisional approval of Octopus Titan VCT 4 as a VCT. Final approval will be sought as soon as possible, and in any event no later than the accounting period of Octopus Titan VCT 4 beginning three years after provisional approval. PwC will assist the Investment Manager in seeking confirmation of the status of investments as Qualifying Holdings and monitoring progress towards achieving full VCT approval, but will report directly to the Board.

Whilst it is the intention of the Directors that Octopus Titan VCT 4 will be managed so as to qualify as a VCT, there can be no guarantee that it will qualify or that such status will be maintained. A failure to meet the qualifying requirements could result in Octopus Titan VCT 4 losing the tax reliefs previously obtained, resulting in adverse tax consequences for investors, including a requirement to repay the 30% income tax relief.

VENTURE CAPITAL TRUST REGULATIONS

In order to obtain venture capital trust status, Octopus Titan VCT 4 must be approved by HMRC. The conditions which must be satisfied to obtain and retain such status are set out in full in Part 3 and they include the following restrictions on the maximum exposure of the Company:

- (i) not more than 15% by value of the Company's investments can be held in a single company or group (other than a VCT); and
- (ii) the Company is limited to investing up to £1 million per Income Tax Year per Qualifying Holding.

LIFE OF THE FUND

It is intended that Octopus Titan VCT 4 should have an unlimited life, but Shareholders will have the opportunity to review the future of the Fund at appropriate intervals. Therefore, the Articles of Association of Octopus Titan VCT 4 requires the Directors to put a proposal for its continuation at the 10th annual general meeting of the Fund and, if passed, every fifth anniversary thereafter.

FUTURE ALLOTMENTS

Octopus Titan VCT 4 is seeking to raise £25 million under the Offer and the Directors have no present intention of expanding the Offer beyond that amount.

CO-INVESTMENT POLICY

The Directors believe that the position of Octopus as a leading specialist investor in smaller companies provides Shareholders with a number of advantages, particularly in relation to the level of high quality investment opportunities that are received by Octopus. The Board acknowledges that investment opportunities may be suitable for other funds managed by Octopus ("Relevant Funds"). The Investment Manager will consult the Board in relation to such investment opportunities, it being agreed that, in general, such opportunities should be initially offered to Octopus Titan VCT 4 on a basis which is pro-rata to its size compared to the Relevant Funds. In the event of a conflict of interest on the part of the Investment Manager (which includes where an investment is proposed in a company in which a Relevant Fund already has an interest) or where co-investments are proposed to be made other than on a pro-rata basis, such an investment will require the approval of those members of the Board who are independent of the Investment Manager.

WORKING CAPITAL

Octopus Titan VCT 4 confirms that, based on the Minimum Net Proceeds of the Fund being raised, the working capital available to the Company is sufficient for at least 12 months following the date of this document.

NET ASSETS

The Offer will have a positive impact on the net assets of the Company by increasing its net assets by the same amount as the net funds raised and is expected to have a positive impact on earnings.

FINANCIAL INFORMATION

Since the date of incorporation, Octopus Titan VCT 4 has not commenced operations and no financial statements have been made up as at 11 November 2009.

CAPITALISATION AND INDEBTEDNESS

Since the date of incorporation and as at 11 November 2009, Octopus Titan VCT 4 has incurred no indebtedness, whether guaranteed, unguaranteed, secured, unsecured, indirect or contingent. Octopus Titan VCT 4 has the power to borrow, details of which are set out in paragraph 4(f) of Part 4, although the Directors have no present intention of utilising this.

The capitalisation of the Company as at 11 November 2009 is as follows:

Shareholders' Equity	£
Share capital	12,500.20
Legal reserve	Nil
Other reserves	Nil
Total	12,500.20

Details of the share capital of the Company are set out in paragraph 2 of Part 4 of this document.

CATEGORY OF POTENTIAL INVESTORS

A typical investor for whom the Offer is designed is a UK higher rate income taxpayer over 18 years of age with an investment range of between £3,000 and £200,000 who, having regard to the risk factors set out at the front of this document, considers the investment policy as detailed in Part 1 of this document to be attractive. This may include retail, institutional and sophisticated investors and high net worth individuals who already have a portfolio of non-VCT investments. Investment in a VCT may not be suitable for all investors and should be considered as a long term investment. **Before deciding whether to apply for Shares under the terms of the Offer you are recommended to consult a duly authorised independent financial adviser.**

PART TWO

TAXATION CONSIDERATIONS FOR INVESTORS

The following is a general guide to the position of investors under current taxation legislation. It does not set out any of the legislative provisions in full and investors should seek their own independent taxation advice.

1. Tax Reliefs for Investors

The tax reliefs set out below are available to UK residents aged 18 or over who invest in shares in a VCT. There is no specific limit on the amount an individual can invest in a VCT, but tax reliefs will only be given to the extent that the total of an individual's subscription or other acquisitions of shares in VCTs in any tax year does not exceed £200,000. Investors who intend to invest more than £200,000 in VCTs in any one tax year should take professional advice on this.

2. Income Tax

(a) Relief on subscription

An investor subscribing for shares in a VCT will be entitled to claim income tax relief on amounts subscribed up to a maximum of £200,000 in any tax year. The relief is given at the rate of up to 30% on the amount subscribed, subject to an amount which reduces the investor's income tax liability to nil. Relief may not be available where the investment is used as security for, or financed by, a loan.

(b) Dividend relief

An investor who acquires, in any tax year, VCT shares up to a maximum of £200,000 will not be liable to income tax on dividends paid by the VCT on those shares whilst the Company qualifies as a VCT.

(c) Withdrawal of relief

Income tax relief on subscription for shares in a VCT is withdrawn if the shares are disposed of (other than between spouses) within five years of issue or if the VCT loses its approval within this period.

3. Capital Gains Tax

(a) Relief from capital gains tax on the disposal of shares

Any gains made on VCT shares are not subject to capital gains tax. Similarly, any losses on shares held in a VCT will not be treated as an allowable loss. Both of the above apply to the extent that the shares have been acquired within the limit of £200,000 for any tax year.

(b) Purchasers in the market

An individual purchaser of existing shares in the market will be entitled to claim relief from capital gains tax on disposal (as described in paragraph 3(a) above) while still a VCT.

(c) Withdrawal of relief

If a VCT which has been granted approval subsequently fails to comply with the conditions for approval, any gains on the shares after the date on which loss of VCT status takes effect will be taxable. Where VCT status is treated as never having been given, all gains are taxable.

4. Obtaining Tax Reliefs

(a) Income tax relief

The Investment Manager will issue each investor with a certificate which should be used to claim the income tax relief, either by obtaining from HMRC an adjustment to his/her tax coding under the PAYE system, or by waiting until the end of the tax year and using his/her Self Assessment Tax Return to claim relief.

(b) Investors not resident in the UK

Investors not resident in the UK should seek their own professional advice as to the consequences of making an investment in a VCT as they may be subject to tax in other jurisdictions as well as in the UK.

(c) VCT reliefs may not be available if the investor takes out a loan specifically to subscribe in the VCT.

5. Consequences of Loss of VCT Status

(a) For the VCT

If provisional approval is lost in the first three years, all gains realised over the period during which provisional approval was in force will be subject to corporation tax. Should tax status be lost under section 274 ITA 2007 the FSA will be notified as soon as possible.

(b) For Qualifying Subscribers

If VCT approval is treated as never having been given, or if it is withdrawn before the Shares have been held for five years, the income tax relief on investment will be withdrawn by the making of an assessment for the year of assessment for which the relief was originally given on an amount equal to that relief. Interest on overdue tax may arise.

(c) For Qualifying Subscribers and Qualifying Purchasers

i. Dividend income

Dividend income will not be exempt from tax in respect of profits or gains arising or accruing in any accounting period during which VCT status has been lost. A notional tax credit equal to 1/9th of the net dividend paid will be available to offset against income tax due on the dividend.

ii. Capital gains

If provisional VCT approval is withdrawn, approval is treated as never having been given. Gains and losses on shares in the VCT will be taxable and allowable in the ordinary way. If full VCT approval is withdrawn, the individual is treated as having disposed of his shares immediately before the status is lost, for market value at that time, and is treated as reacquiring them at that value immediately after the status is lost. Thus, any capital gains realised up to that date will be exempt from tax, but gains after that date will be taxable in the ordinary way.

PART THREE

Conditions to be met by Venture Capital Trusts

The legislation relating to VCTs is contained in ITA 2007 which sets out the tests which a company has to satisfy to obtain the tax benefits for the VCT and its shareholders. Explanations of these tax benefits and the consequences of losing VCT status are set out in Part 2. These summaries are not intended to be comprehensive and prospective investors are strongly advised to seek their own independent professional advice.

1. Qualifying as a VCT

A VCT must not be a close company and must be approved as a VCT by HMRC. The main conditions for approval are that throughout its most recent complete accounting period:

- (a) the company's income has been derived wholly or mainly from shares or securities (including loans to companies with a five year or greater maturity period);
- (b) at least 70% by value of its investments (including any uninvested funds held) are represented by shares or securities in "Qualifying Holdings" (see below), of which at least 30% by value are represented by holdings of ordinary shares carrying no preferential rights; additionally at least 10% by value of investments in single companies or groups must be in ordinary shares which carry no preferential rights;
- (c) not more than 15% by value of its investments has been held in a single company or group (other than a VCT) and the VCT must not control the companies in which it invests in such a way as to render them subsidiary undertakings;
- (d) it has not retained more than 15% of the income derived in that period from shares and securities; and
- (e) each class of its ordinary share capital has been quoted on the Official List of the London Stock Exchange.

Normally, HMRC cannot give approval of a VCT unless (a) to (e) above have all been met throughout the company's most recent accounting period and HMRC is satisfied that they will be met throughout its current accounting period at the time of application for approval. However, to facilitate the launch of VCTs, HMRC may give provisional approval if it is satisfied that conditions (a), (c), (d) and (e) will be met throughout the current or subsequent accounting period and condition (b) will be met in relation to an accounting period commencing no later than three years after the date of the provisional approval.

For funds raised after 5 April 2010, at least 70% by value of Qualifying Holdings must be in 'equity'. Legislation defining 'equity' is due to be introduced in the 2010 Finance Bill.

2. Qualifying Holdings

Qualifying Holdings comprise new shares or securities (including loans with a five-year or greater maturity period) issued by unquoted trading companies which exist wholly for the purpose of carrying on one or more Qualifying Trades and are limited to investments of up to £1 million per Income Tax Year per investee company. At least 10% of the investment in a Qualifying Holding must be in eligible ordinary shares and this minimum percentage must be maintained for qualifying status to be continued. Most trades are Qualifying Trades other than certain activities which are regarded as inappropriate. The company invested in must not be controlled by the VCT or any other company and its gross assets must not exceed £7 million immediately prior to the investment or £8 million thereafter. In any twelve month period, the company can receive no more than £2 million from VCT funds raised after 5 April 2007, the Enterprise Investment Scheme or the Corporate Venturing Scheme. The company must have fewer than 50 full time (or equivalent) employees at the time of making the investment.

Companies whose securities are traded on AIM or Plus quoted and Plus traded markets count as unquoted companies for the purposes of determining Qualifying Holdings. Shares in an unquoted company which subsequently become quoted may still be regarded as part of a Qualifying Holding for a further five years following quotation. The company or a Relevant Qualifying Subsidiary (see below) must apply the money invested for the purpose of a Qualifying Trade within certain time periods. It must also have no subsidiary companies other than Qualifying Subsidiaries, and must not itself be controlled by another company.

3. Qualifying Trades and Qualifying Subsidiaries

The company invested in must exist wholly for the purpose of carrying on one or more Qualifying Trades and/or be a holding company only of Qualifying Subsidiaries. The trade must either be carried on by, or be intended to be carried on by, the company invested in or by a Qualifying Subsidiary. . In the case of a company intending to carry on a qualifying trade, the qualifying trade must begin within two years of the issue of shares or securities to a VCT and continue thereafter.

The trade must be carried on wholly or mainly in the UK but the company need not be UK resident. Certain trades (for example, dealing in land or shares or providing financial services) are excluded.

A subsidiary will be a Qualifying Subsidiary if the majority of its issued share capital is owned by the company invested in and certain other tests are also satisfied.

A Relevant Qualifying Subsidiary can be a 90% directly held subsidiary of the company or of a wholly owned subsidiary, or a wholly owned subsidiary of a 90% directly held subsidiary. The company or a Relevant Qualifying Subsidiary must employ all the money invested within 2 years of investment or trade commencing, if later.

4. Withdrawal of approval

Approval of a VCT may be withdrawn if the conditions set out in paragraph 1 above are not met. Withdrawal of approval generally has effect from the time when notice of withdrawal is given to a VCT. If provisional approval is withdrawn, approval is deemed never to have been given. The taxation consequences of approval being deemed never to have been given are set out in paragraph 5 of Part 2 of this document.

4. Memorandum and Articles of Association

The Memorandum of Association of the Company provides that the Company's principal object is to carry on the business of a venture capital trust company. The object of the Company is set out in full in paragraph 4 of the Company's Memorandum of Association, which is available for inspection as stated in paragraph 11 below.

The following is a summary of certain provisions of the Articles of Association ("Articles") of the Company, a copy of which is available for inspection as stated in paragraph 11 (a) below:

(a) Voting rights

- i. Subject to the provisions of the Acts or any special terms as to voting on which any Shares

of the Company may have been issued or may for the time being be held, on a show of hands, every member who is present in person or by proxy at any general meeting of the Company shall have one vote and on a poll, every member shall have one vote for every Share of which he is the holder. A proxy need not be a member of the Company.

- ii. The instrument appointing a proxy in the case of the Company shall in the case of an instrument in writing be executed in any common form or in such other form as the Board may approve and shall be delivered to its registered office or at such other specified place in the UK not less than 48 hours (during business hours) before the time appointed for holding the meeting.

- iii. In respect of the Company no member shall, unless the Board otherwise determines, be entitled to vote, either personally or by proxy, or to be reckoned in a quorum at any general meeting of the Company unless and until all calls for the time being due and payable in respect of that Share have been paid, together with interest and expenses (if any) to the Company.

- iv. Except in respect of the Redeemable Shares (as set out as paragraph 4(b) below), no shareholders in the Company will have different voting rights per share than any other Shareholder.

(b) Rights attaching to the Redeemable Shares

The Redeemable Shares in the capital of the Company confer no right to dividends and no right to vote except as otherwise agreed by the holders of a majority of the Ordinary Shares of the Company. On a winding-up the Redeemable Shares confer the right to be paid out of the assets of the Company available for distribution amongst the members of the capital paid up on such shares *pari passu* with and in proportion to any amounts of capital paid to the holders of the Ordinary Shares but shall not confer any right to participate in any surplus remaining following payment of the amount of capital paid up thereon. The Redeemable Shares are redeemable at any time (and in any event no later than 30 June 2010) by the Company subject to their being paid up in full. Upon redemption each of the Redeemable Shares shall be automatically redesignated and redenominated as ten Ordinary Shares without any further resolution or consent.

(c) Variation of rights and alteration of capital

- i. Rights attached to any share or class of shares in the Company may be varied or abrogated with the consent in writing of the holders of not less than three-fourths in nominal value of the issued shares of that class of the Company, or with the sanction of a special resolution passed at a separate meeting of the holders of such shares.
- ii. The Company may from time to time in general meeting by ordinary resolution increase, consolidate, or sub-divide its share capital.
- iii. The Company may, subject to the provisions of the Acts and to any rights attached to any Shares at the time, by special resolution reduce its share capital or any capital redemption reserve fund, or any share premium account in any manner.
- iv. Subject to the provisions of the Acts and the rights of the holders of any class of shares, the Company may from time to time purchase its own Shares (including any Redeemable Shares).

(d) Issue and transfer of Shares

- i. The Board is authorised generally and unconditionally for the purposes of section 551 of the 2006 Act to exercise all the powers of the company for a period of five years from the date of adoption of the Articles to allot equity securities (as defined in section 560(1) of the 2006 Act) up to the amount of the authorised but unissued share capital from time to time. The authority so given may at any time (subject to the said section 551) be renewed, revoked or varied by ordinary resolution of the Company in general meeting.
- ii. The Directors are empowered generally and unconditionally to allot equity securities (as defined by section 560(1) of the 2006 Act) for cash pursuant to the authority conferred by (d) (i) above as if section 561 of the 2006 Act did not apply to such allotment of authorised but unissued shares in the capital of the Company up to the amount of the authorised but unissued share capital of the Company as at the date of adoption of the Articles for the period of 5 years from the date of the adoption of the Articles. The authority so given may at any time be renewed, revoked or varied by special resolution of the Company in general meeting.

- iii. Subject to such of the restrictions of the Acts as may be applicable, any member may transfer all or any of his Shares by an instrument of transfer in writing in any usual or common form or in any other form approved by the Board. Such instruments shall be executed by or on behalf of the transferor and (except in the case of a fully paid share) the transferee.
- iv. The Board may decline to register any transfer unless the instrument of transfer, duly stamped, is lodged with the Company accompanied by the certificate for the Shares to which it relates together with such other evidence as the Board may reasonably require, and the transfer is in respect of only one class of share and, in the case of a transfer to joint holders, the number of joint holders does not exceed four.
- v. The Shares of the Company are in registered form. All transfers of shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors of the Company. The instrument of transfer of any such shares shall be executed by or on behalf of the transferor and, in the case of partly paid shares, by or on behalf of the transferee. The Directors of the Company may refuse to register any transfer of a partly paid share, provided that such refusal does not prevent dealings taking place on an open and proper basis, and may also refuse to register any instrument of transfer unless:
 1. it is duly stamped (if so required), is lodged with the Company's registrars or at such other place as the Directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;
 2. it is in respect of only one class of share; and
 3. the transferees do not exceed four in number.

(e) Directors

- i. Unless and until otherwise determined by ordinary resolution of the Company, the Directors of the Company (disregarding alternate Directors) shall be not more than six nor less than two in number.
- ii. The business of the Company shall be managed by the Board, which may exercise all powers of the Company subject nevertheless to the provisions of the Acts, the Memorandum of Association of the Company and to any directions given by special resolution.

- iii. Subject to the provisions of the Acts and, in the case of contracts with the Company, to the disclosure of the nature of the interest therein to the Board, no Director shall be disqualified by his respective office from:
 - 1. contracting with the Company, either with regard to his tenures of any office or place of profit or as vendor, purchaser or whatsoever;
 - 2. holding any other office or place of profit under the Company (except that of auditor); or
 - 3. acting by himself or through his firm in a professional capacity for the company.
- iv. Being an officer of or employed by any company in which the Company is interested nor shall any such contract or any other contract or arrangement in which any Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any remuneration, profit or other benefits realised by any such contract or arrangement by reason of such Director holding that office. A Director shall not vote (nor be counted in the quorum) on any resolution of the Board (or any committee of the Board) in respect of any contract, arrangement or transaction in which he is to his knowledge materially interested. Subject to the provisions of the Acts, and in the absence of some other material interest, this prohibition shall not apply to any of the following matters, namely:
 - 1. any transaction for giving to such Director any guarantee, security or indemnity in respect of money lent by him or obligations undertaken by him at the request of and for the benefit of the Company or any of its subsidiary undertakings;
 - 2. any transaction for the giving by the Company or any of its subsidiary undertakings of either guarantee, security or indemnity in respect of a debt or obligation of the Company or any of its subsidiary undertakings in respect of which such Director has himself given an indemnity or has guaranteed or secured or assumed responsibility for in whole or in part;
 - 3. any proposal concerning an offer of shares or debentures or other securities of or by the Company or any of its subsidiary undertakings in which offer he is or may be entitled to participate as a holder of securities or in the underwriting or sub-underwriting of which he is to participate;
 - 4. any transaction concerning any other company in which he is interested directly or indirectly unless he is interested in 1 per cent or more of the equity share capital or voting rights of such other company;
 - 5. any arrangement for the benefit of employees of the Company or any of its subsidiary undertakings under which the Director benefits in a similar manner as the employees and which does not accord to any director as such any privilege or advantage not accorded to the employees to whom such arrangement relates; or
 - 6. any proposal for the purchase and/or maintenance of insurance for the benefit of any Directors.

The remuneration of the Directors for their services as such (excluding amounts payable under other provisions of the Articles) shall be determined by the Board, but shall not exceed in aggregate the sum of £75,000 per annum or such greater sum as may from time to time be determined by ordinary resolution. Each Director may also be paid all reasonable travelling, hotel and other incidental expenses properly incurred by him in attending meetings of the Board of the Company or otherwise in connection with the discharge of his duties as a Director.
- v. Directors' duty to avoid conflicts of interest

Subject to the provisions of the Acts and for the purposes of section 175 of the 2006 Act, the Directors may authorise in such manner and on such terms as they think fit any matter proposed to it in which a Director and/or any connected persons of a Director has or can have, a direct or indirect interest which conflicts, or possibly may conflict, with the interests of the Company. Where such authorisation has been given, the duty of the Director in question to avoid a conflict of interest shall not be infringed in relation to that matter. Any such authorisation will be effective only if:

- (a) any requirement as to quorum of the meeting at which the matter is considered is met without counting the director in question or any other interested director; and
- (b) the matter was authorised without their voting or would have been authorised if their votes had not been counted.

The Board may (whether at the time of the giving of the authorisation or subsequently) make any such authorisation subject to any limits or conditions it expressly imposes but such authorisation is otherwise given to the fullest extent permitted. The Board may vary or terminate any such authorisation at any time.

Where a Director has or can have, a direct or indirect interest which conflicts, or possibly may conflict, with the interests of the Company and that conflict or possible conflict of interest has been authorised by the Company or by the Directors, subject to the terms on which any authorisation has been given:

- (a) the Director in question may absent himself from meetings of the Board at which any matter relating to the conflict of interest or possible conflict of interest will or may be discussed, or from the discussion of any such matter at a meeting or otherwise;
- (b) the Director in question may make arrangements not to receive or read documents and information relating to any matter which gives rise to the conflict of interest or possible conflict of interest sent or supplied by the Company; and/or
- (c) the Director in question may act in any way authorised by any guidance for dealing with conflicts of interest issued by the Directors from time to time

for so long as he reasonably believes such conflict of interest (or possible conflict of interest) subsists and by so doing, the Director in question shall not be in breach of the general duties he owes to the Company by virtue of sections 171 to 177 of the 2006 Act.

- vi. Subject to the provisions of the Acts:
 - 1. the Board shall have the power to purchase and maintain insurances at the expense of the Company for, or for the benefit of any persons who are or were at any time Directors, officers,

or employees of the Company, including insurance against any liability incurred by such persons in relation to or in connection with their duties, powers or offices in relation to the Company;

- 2. every Director, alternate Director, secretary and other officer of the Company and if the Board so determines, auditor, shall be entitled to be indemnified by the Company against all costs, charges, expenses, losses, damages and liabilities incurred by him in connection with his duties, powers or office.

(f) Borrowing Powers

The Board may exercise all powers of the Company to borrow money and to mortgage or charge all or any part of its undertaking, property and assets (present and future) and uncalled capital and, subject to the provisions of the Acts to issue debentures and other securities, whether outright or as collateral security provided that the principal amount outstanding in respect of moneys borrowed by the Company does not at any time without the previous sanction of an ordinary resolution of the Company, exceed a sum equal to 20 per cent of the adjusted total of capital and reserves.

(g) Dividends and Distribution

- i. The Company may, subject to the provisions of the Acts, by ordinary resolution from time to time declare dividends to be paid to members according to their rights and interests in the profits available for distribution, but not exceeding the amount recommended by the Board. Subject to the provisions of the Acts in so far as, in the Board's opinion, the Company's profits justify such payments, the Board may pay interim dividends on any class of shares including those carrying a fixed dividend. The Board may, if authorised by an ordinary resolution of the Company and subject to such terms and conditions as the Board may determine, offer Shareholders in respect of any dividend the right to receive Ordinary Shares, credited as fully paid, by way of scrip dividend instead of cash.
- ii. Any dividend unclaimed after a period of 12 years from the date such dividend is payable shall if the Board so resolves, be forfeited and shall cease to remain owing by the Company.

(h) Distribution of Realised Capital Profits

If any time the Company has given notice in the prescribed form (which has not been revoked) to the registrar of companies of its intention to carry on business as an investment company ("a Relevant Period"), distribution of the company's capital profits (within the meaning of section 833(2)(c) of the 2006 Act) shall be prohibited. The Board giving such notice shall establish a reserve to be called the capital reserve. During a Relevant Period, all surpluses arising from the realisation or revaluation of investments and all other monies realised on or derived from the realisation, payment off of or other dealing with any capital asset in excess of the book value thereof and all other monies which are considered by the Board to be in the nature of accretion to the capital shall be credited to the capital reserve. Subject to the 2006 Act, the Board may determine whether any amount received by the Company is to be dealt with as income or capital or partly one way and partly the other. During a Relevant Period, any loss realised on the realisation or payment off of or other dealing with any investments or other capital assets and, subject to the 2006 Act, any expenses, loss or liability (or provision thereof) which the Board considers to relate to a capital item or which the Board otherwise considers appropriate to be debited to the capital reserve shall be carried to the debit of the capital reserve. During a Relevant Period, all sums carried and standing to the credit of the capital reserve may be applied for any of the purposes for which sums standing to any revenue reserve are applicable except and provided that notwithstanding any other provision of the Articles during a Relevant Period no part of the capital reserve or any other money in the nature of accretion to capital shall be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution (as defined by section 829(1) of the 2006 Act) or be applied in paying dividends on any shares in the Company. In periods other than a Relevant Period, any amount standing to the credit of the capital reserve may be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution or applied in paying dividends on any shares in the Company.

(i) Duration and Winding-Up

The Board shall procure that at its tenth annual general meeting in 2020 (and at five yearly intervals thereafter) an ordinary resolution will be proposed to the effect that the Company shall continue in being as a VCT. If such resolution is not passed, the Board shall within four months of such meeting, convene a general meeting to propose a special resolution for the reorganisation or reconstruction of the Company or if that resolution is not passed, a special resolution to wind-up the Company voluntarily.

If the Company shall be wound-up, the liquidator may, with the authority of a special resolution and subject to any provision sanctioned in accordance with the Acts, divide among the members in specie the whole or any part of the assets of the Company or may, with the like sanction, vest the whole or any part of the assets in trustees on such terms as the like sanction shall determine for the benefit of the members but no member shall be compelled to accept any shares whereon there is any liability.

(j) Cancellation of Share Premium Account of the Company

The Board is authorised by special resolution to make application to the High Court for confirmation to cancel the amount standing to the credit of the share premium account at the time of such application.

(k) General Meetings

- i. Subject to the provisions of the Acts, annual general meetings shall be held at such time and place as the Board may determine. General meetings may be convened by the Board whenever it thinks fit and by Shareholders in accordance with section 303 of the 2006 Act.
- ii. An annual general meeting shall be convened by not less than 21 clear days' notice in writing. All other general meetings shall be convened by not less than 14 days' notice in writing.

(l) Miscellaneous

- i. There are no provisions in the Articles that would have the effect of delaying, deferring or preventing a change of control of the Company.

- ii. In accordance with the Articles, failure by any Shareholder to provide the Company with the information as requested by any notice served in accordance with the DTR (obligations of Shareholders to identify the Board of notifiable interests in Shares) may result in that Shareholder being disenfranchised in respect of his shareholdings and, inter alia, the withholding of any dividends payable to him.

5. Material Contracts

The following contracts, not being contracts entered into in the ordinary course of business, are all of the contracts which have been entered into by the Company since its incorporation and which are, or may be, material, or have been entered into by the Company and contain provisions under which the Company has obligations or entitlements which are material to it at the date of this document:

- (a) An investment management agreement dated 11 November 2009 between the Company and the Investment Manager whereby the Investment Manager has agreed (subject to the overall policy and supervision of the Directors and such directions as the Directors may give from time to time) to manage or procure the management of the Company's investments on a discretionary basis for an initial five-year period and thereafter on 12 months notice either side in return for an annual management fee (payable quarterly in advance) of 2.0% (plus VAT, if any, at the applicable rate) of the net assets of the Company plus a performance incentive fee. The Company has agreed to indemnify the Investment Manager against all or any actions, proceedings, losses, claims, demands and liabilities whatsoever arising out of the proper performance of the Investment Manager's duties. There are no value or time limits attached to the indemnity other than the statutory time limit of twelve years which applies to agreements signed as deeds. The Investment Manager retains the right to charge arrangement, exit and syndication fees to investee companies, and will be responsible for all costs of an investment that does not proceed. Further details are set out in the section titled "Management Remuneration" in Part 1 of this document.
- (b) An agreement dated 11 November 2009 between the Company and the Investment Manager whereby Octopus has agreed to provide or procure the provision of certain administrative and accounting services to the Company for an annual fee (payable quarterly in advance) of 0.3 per cent (plus VAT, if any, at the applicable rate) of the net assets of the Company and company secretarial services for an annual fee (payable quarterly in advance) of £15,000 plus VAT. Either party may terminate the appointment on giving to the other not less than six months' notice in writing. The Company has agreed to indemnify Octopus against all or any actions, proceedings, losses, claims, demands and liabilities whatsoever arising out of the proper performance of its duties. There are no value or time limits attached to the indemnity other than the statutory time limit of twelve years which applies to agreements signed as deeds. Further details are set out in the section titled "Management Remuneration" in Part 1 of this document.
- (c) An agreement dated 11 November 2009 between the Company, the Directors, Octopus and Howard Kennedy ("Offer Agreement") whereby Octopus has agreed to pay all of the costs and expenses of the Offer for a commission on the gross proceeds of the Offer of up to 5.5p per Share such that the initial net assets of the Company will be equal to 94.5p per Share. Howard Kennedy has agreed to act as sponsor and legal adviser to the Company and the Offer Agreement provides that Howard Kennedy's fees will be paid by Octopus. The Company and the Directors have given customary representations and warranties to, and in the case of the Company alone, an indemnity, to Octopus and Howard Kennedy. The liability of the Directors under the warranties is limited to £20,000 per Director. There are no value or time limits attached to the indemnity other than the statutory limit of six years. Howard Kennedy may terminate the Offer Agreement at any time prior to Admission if it becomes aware of any material breach of warranty prior to Admission. Under the terms of the Offer Agreement, any interest received by the Company or the Registrars in respect of applications for Shares prior to the dates such Shares are allotted will be for the benefit of Octopus Investments and shall be applied to defray the costs of the Offer.
- (d) By letters dated 11 November 2009 the Directors agreed to act as non-executive directors of the Company on the terms set out at paragraph 3(e) of this Part 4.

6. Stamp duty, stamp duty reserve tax and close company status

- (a) The Company has been advised that no stamp duty reserve tax ("SDRT") will be payable on the issue of the Ordinary Shares. The transfer on sale of any Ordinary Shares will be liable to ad valorem stamp duty normally at the rate of 0.5% of the amount or value of the consideration (rounded up to the nearest £5). An unconditional agreement to transfer Ordinary Shares also gives rise to an obligation to account for SDRT, which is payable within seven days of the start of the month following that in which the agreement was entered into. The payment of stamp duty gives rise to a right to repayment of any SDRT paid. There will be no stamp duty or SDRT on a transfer of Ordinary Shares into CREST unless such a transfer is made for a consideration in money or money's worth, in which case a liability to SDRT will arise at a rate of 0.5%. A transfer of Ordinary Shares effected on a paperless basis through CREST will generally be subject to SDRT at a rate of 0.5% of the value of the consideration.
- (b) On the issue of the Ordinary Shares pursuant to the Offer, the Company is unlikely to be a close company for tax purposes.

7. Overseas Investors

- (a) No person receiving a copy of this document or an Application Form in any territory other than the UK may treat the same as constituting an offer or invitation to him to subscribe for or purchase Ordinary Shares in the Company.
- (b) No action has been taken to permit the distribution of this document in any jurisdiction outside the UK where such action is required to be taken. All applicants under the Offer will be required to warrant that they are not a US person as defined in paragraph 4(xi) of Part 5 of this document.

8. General

- (a) The Offer Price is 100p per Share.
- (b) The total expenses payable by the Company in connection with the Offer (including VAT where applicable) will be 5.5p in respect of each Share subscribed such that the initial net assets of the Company will be equal to 94.5p per Share. The Offer Price represents a premium of 90 pence per Share over nominal value. If the maximum subscription of £25,000,000 is achieved under the Offer, the net proceeds will amount to £23,625,000. If the minimum subscription of £1 million is obtained, the net proceeds will be £945,000. The

proceeds will be applied in accordance with the Company's investment policy and to redeem the Redeemable Shares.

- (c) The registered office of the Company and the Company's principal place of business is 8 Angel Court, London EC2R 7HP. The Company does not have, nor has it had since its incorporation, any subsidiaries, subsidiary undertakings or employees and it does not own any premises.
- (d) There has been no significant change in the financial or trading position of the Company since its incorporation.
- (e) There are no Governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Company is aware), during a period covering at least the previous 12 months which may have, or have had in the recent past significant effects on the Company's financial position or profitability.
- (f) Save as disclosed in sub-paragraph 5(c) of this Part 4, no amount of cash, securities or benefits has been paid, issued or given to the promoter and none is intended to be paid, issued or given.
- (g) Where the circumstances are appropriate, the Directors propose that an appropriate and reasonable proportion of the management expenses of the Company, to be determined after consultation with the Company's auditors, but not to exceed 75%, will be charged to capital.
- (h) The Company complies with the principles of the Combined Code on Corporate Governance save as set out in this paragraph (h) below.

The Company has an Audit Committee, composed of the Directors who are independent of the Investment Manager, which meets at least twice each year and is responsible for making recommendations to the Board on the appointment of the auditors and the audit fee, for reviewing the conduct and control of the annual audit and for reviewing the operation of the internal financial controls. It will also have responsibility for the proper reporting of the financial performance of the Company and for reviewing financial statements prior to publication.

As the Company has no employees, no Remuneration Committee will be formed. The Company does not intend to appoint a senior independent Director or to form a Nominations

Committee due to the Board being relatively small in size.

- (i) The Board must be able to demonstrate that it will act independently of the Investment Manager. In particular, a majority of the Board (including the Chairman) must not be:
 - i. directors, employees, partners, officers or professional advisers of or to the Investment Manager or any other company in the same group as the Investment Manager; or
 - ii. directors, employees or professional advisers of or to any other VCT managed by the Investment Manager or any other company in the same group as the Investment Manager.

Any Director who falls within i. or ii. above is subject to annual re-election by Shareholders.

- (j) The issue is sponsored by Howard Kennedy which is authorised and regulated by the Financial Services Authority.
- (k) The Company does not assume responsibility for the withholding of tax at source.
- (l) HMRC has granted the Company provisional approval under section 274 ITA and it is intended that the business of the Company be carried on so as to comply with that section.
- (m) The Company does not employ any employees nor engage any other person in any personal capacity save for the Directors.
- (n) The Company confirms that all third party information in this document (sourced from the Investment Manager and Lipper) has been reproduced accurately and as far as it is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.
- (o) The Company confirms that it has taken all reasonable steps to ensure that its auditors, Grant Thornton UK LLP, being members of the Institute of Chartered Accountants in England & Wales, are independent of it and has obtained written confirmation from the auditors that they comply with the guidelines on independence issued by their national accounting and auditing bodies.

- (p) Definitive share certificates for the Shares to be allotted under the Offer will be issued in registered form and are to be dispatched to Shareholders with 15 business days of allotment. The Company has applied to Euroclear for the Ordinary Shares to be admitted to CREST as a participating security. It is expected that the admission of the Ordinary Shares to CREST as a participating security will be effective from the Company's Admission. Shareholders who are direct or sponsored members of Euroclear will then be able to dematerialise their Ordinary Shares in accordance with the rules and practices instituted by Euroclear. The Company will not issue temporary documents of title.

- (q) Octopus, Howard Kennedy and PricewaterhouseCoopers LLP have each given and not withdrawn their written consents to the issue of this document with the inclusion herein of their names in the form and context in which they are included.

- (r) The Directors will be investing £70,000, in aggregate, under the terms of the Offer.

- (s) The results of the Offer will be announced through a Regulatory Information Service provider.

- (t) As at the date of this document, there are no governmental, economic, monetary, political or fiscal policies and factors which have or could affect the Company's operations.

- (u) Since the date of incorporation of the Company and up to the date of this document there have been no related party transactions.

9. Specific Disclosures in respect of Closed Ended Funds

- (a) A detailed description of the investment objective and policy which will be pursued by the Company is set out in the section of Part 1 entitled "Investment Policy" and the Company must, at all times, invest and manage its assets in a way which is consistent with its object of spreading investment risk and in accordance with this published investment policy. This investment policy is in line with Chapter 15 of the Listing Rules and Part 6 ITA and the Company will not make material changes to this investment policy without shareholder approval. The Company will be subject to and will comply with the restrictions regarding investments for closed ended investment funds that are contained in the Listing Rules.

(b) The Company is not required to be, and is therefore not, regulated by the Financial Services Authority. In order to obtain venture capital trust status, the Company must, however, be approved by HMRC. The conditions which must be satisfied to obtain and retain such status are set out in full in Part 3 and they include the following:

- (i) at least 70% by value of the Company's investments (including any uninvested funds held) must be represented by shares or securities in Qualifying Holdings, of which at least 30% by value must be represented by holdings of ordinary shares carrying no preferential rights; additionally at least 10% by value of investments in single companies or groups must be in ordinary shares which carry no preferential rights;
- (ii) not more than 15% by value of the Company's investments can (at the time of investment) be held in a single company or group (other than a VCT) and the Company must not control the companies in which it invests in such a way as to render them subsidiary undertakings; and
- (iii) the Company is limited to investing up to £1 million per Income Tax Year per Qualifying Holding.

(c) The Company has no present intention of incurring any borrowings.

(d) The Company is regulated by Part 6 ITA in respect of the investments it makes. The Company has appointed PricewaterhouseCoopers LLP as its VCT status adviser. PricewaterhouseCoopers LLP will report twice yearly to the Company in its annual and interim reporting obligations. In respect of any breach of the VCT rules, the Company will report the matter immediately to HMRC.

(e) The Company will not invest more than 15% in any single company or other listed closed-ended investment fund nor will the Company control the companies in which it invests in such a way as to render them subsidiary undertakings until it has obtained approval as a VCT from HMRC.

(f) The Company will not invest directly in any physical commodities.

(g) The Company will not invest directly in any property.

(h) The Company will not invest in any derivatives or currencies save for efficient portfolio management, that is, solely for the purpose of reducing, transferring or eliminating investment risk in underlying investments.

(i) Octopus Investments is responsible for the determination and calculation of the net asset value of the Company.

The net asset value of the Company will be determined twice a year, concurrent with the interim and annual announcements (which are expected in June and October respectively) in accordance with the International Private Equity and Venture Capital Association ("IPEVC") valuation guidelines. The value of investments will be determined according to their listing status. Quoted securities will be valued at bid price unless the investment is subject to restrictions or the holding is significant in relation to the share capital of a small quoted company, in which case a discount may be appropriate as per the IPEVC guidelines. Unquoted investments will normally be valued on a cost basis in the first year and reviewed subsequently on the basis of the progression of the business. The net asset value of the Company will be communicated to investors through a Regulatory Information Service provider at the same frequency as the determinations.

In the event of any suspension valuations are held at the suspended price and a view is taken with consideration to best market practice and information from advisers.

(j) The Company does not intend to appoint an external custodian and its assets (other than the Non-Qualifying Investments) will be held in certificated form.

(k) The Directors do not anticipate any circumstances arising under which the calculation of the net asset value may be suspended. Should the determination of net asset value differ from that set out above then this will be communicated to investors in the Company through a Regulatory Information Service provider.

TERMS AND CONDITIONS OF APPLICATION

1. In these terms and conditions, which apply to the Offer, "Applicant" means a person whose name appears in an Application Form, "Application" means the offer by an Applicant by completing an Application Form and posting (or delivering) it to Octopus Investments Limited, 8 Angel Court, London EC2R 7HP ("the Receiving Agents") or as otherwise indicated in this document or the Prospectus; and "Prospectus" means the document dated 11 November 2009 issued in connection with the Offer. Save where the context otherwise requires, words and expressions defined in this document have the same meanings when used in the Application Form and explanatory notes in relation thereto.

The section headed "Application Procedure" as set out below forms part of these terms and conditions of Application.

2. The contract created by the acceptance of an Application under the Offer will be conditional on:
 - i. Admission becoming effective;
 - ii. the Offer Agreement becoming unconditional in all respects, and not being terminated in accordance with its terms before Admission becomes effective.
3. The right is reserved by the Company to present all cheques and banker's drafts for payment on receipt and to retain share certificates and application monies pending clearance of successful Applicants' cheques and bankers' drafts. The Company may treat Applications as valid and binding even if not made in all respects in accordance with the prescribed instructions and the Company may, at its discretion, accept an Application in respect of which payment is not received by the Company prior to the closing of the Offer. If any Application is not accepted in full or if any contract created by acceptance does not become unconditional, the application monies or, as the case may be, the balance thereof will be returned (without interest) by returning each relevant Applicant's cheque or banker's draft or by crossed cheque in favour of the Applicant, through the post at the risk of the person(s) entitled thereto. In the meantime, application monies will be retained by the Receiving Agents in a separate account and held on trust for, and will during such time remain the property of, the Applicant.
4. By completing and delivering an Application Form, you:
 - i. offer to subscribe for the number of Shares

specified in your Application Form (or such lesser number for which your Application is accepted) at the Offer Price on the terms of and subject to this document, including these terms and conditions, and subject to the Memorandum and Articles of Association of the Company;

- ii. agree that, in consideration of the Company agreeing that it will not on or prior to the Offer closing issue or allot any Shares the subject of the Offer to any person other than by means of the procedures referred to in this document, your Application may not be revoked and that this paragraph shall constitute a collateral contract between you and the Company which will become binding upon despatch by post to, or (in the case of delivery by hand) on receipt by, the Receiving Agents of your Application Form;
- iii. agree and warrant that your cheque or banker's draft may be presented for payment on receipt and will be honoured on first presentation and agree that if it is not so honoured you will not be entitled to receive a certificate in respect of the Ordinary Shares until you make payment in cleared funds for such Ordinary Shares and such payment is accepted by the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify it, the Sponsor, and the Receiving Agents against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Company of such late payment, the Company may (without prejudice to its other rights) rescind the agreement to subscribe such Ordinary Shares and may issue or allot such Ordinary Shares to some other person, in which case you will not be entitled to any payment in respect of such Ordinary Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque or banker's draft accompanying your Application, without interest;
- iv. agree that, in respect of those Ordinary Shares for which your Application has been received and is not rejected, your Application may be accepted at the election of the Company either by notification through a Regulated Information Service of the basis of allocation or by notification of acceptance thereof to the Receiving Agents;
- v. agree that any monies refundable to you may

- be retained by the Receiving Agents pending clearance of your remittance and any verification of identity which is, or which the Company or the Receiving Agents may consider to be, required for the purposes of the Money Laundering Regulations 2007 and that such monies will not bear interest;
- vi. authorise the Receiving Agents to send share certificates in respect of the number of Ordinary Shares for which your Application is accepted and/or a crossed cheque for any monies returnable, by post, without interest, to your address set out in the Application Form and to procure that your name is placed on the register of members of the Company in respect of such Ordinary Shares;
 - vii. agree that all Applications, acceptances of Applications and contracts resulting there from shall be governed in accordance with English law, and that you submit to the jurisdiction of the English courts and agree that nothing shall limit the right of the Company or the Sponsor to bring any action, suit or proceeding arising out of or in connection with any such Applications, acceptances of Applications and contracts in any other manner permitted by law or any court of competent jurisdiction;
 - viii. confirm that, in making such Application, you are not relying on any information or representation in relation to the Company other than the information contained in the Prospectus and accordingly you agree that no person responsible solely or jointly for the Prospectus or any part thereof or involved in the preparation thereof shall have any liability for such information or representation;
 - ix. irrevocably authorise the Receiving Agents and/or the Sponsor or any person authorised by either of them, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed by or issued to you into your name and authorise any representative of the Receiving Agents or of the Sponsor to execute any document required therefore;
 - x. agree that, having had the opportunity to read this document, you shall be deemed to have had notice of all information and statements concerning the Company and the Shares contained therein;
 - xi. confirm that you have reviewed the restrictions contained in paragraph 6 below and warrant that you are not a "US Person" as defined in the United States Securities Act of 1933 ("Securities Act") (as amended), nor a resident of Canada and that you are not applying for any Shares with a view to their offer, sale or delivery to or for the benefit of any US Person or a resident of Canada;
 - xii. declare that you are an individual aged 18 or over;
 - xiii. agree that all documents and cheques sent by post to, by or on behalf of the Company or the Receiving Agents will be sent at the risk of the person entitled thereto;
 - xiv. agree, on request by the Company, or the Sponsor on behalf of the Company, to disclose promptly in writing to the Company, any information which the Company or the Sponsor may reasonably request in connection with your Application including, without limitation, satisfactory evidence of identity to ensure compliance with the Money Laundering Regulations 2007 and authorise the Company and the Sponsor to disclose any information relating to your Application as it considers appropriate;
 - xv. agree that the Sponsor will not treat you as its customer by virtue of your Application being accepted or owe you any duties or responsibilities concerning the price of the Shares or the suitability for you of Shares or be responsible to you for providing the protections afforded to its customers;
 - xvi. where applicable, authorise the Company to make on your behalf any claim to relief from income tax in respect of any dividends paid by the Company;
 - xvii. declare that the Application Form has been completed to the best of your knowledge;
 - xviii. undertake that you will notify the Company if you are not or cease to be either a Qualifying Subscriber or beneficially entitled to the Shares; and

- xix. declare that a loan has not been made to you or any associate, which would not have been made or not have been made on the same terms, but for you offering to subscribe for, or acquiring, Shares and that the Shares are being acquired for bona fide commercial purposes and not as part of a scheme or arrangement the main purpose of which is the avoidance of tax.
5. No person receiving a copy of the Prospectus or an Application Form in any territory other than the UK may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or such Application Form could lawfully be used without contravention of any regulations or other legal requirements. It is the responsibility of any person outside the UK wishing to make an Application to satisfy himself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid by such territory.
6. The Ordinary Shares have not been and will not be registered under the Securities Act, as amended, and may not be offered or sold in the United States of America, its territories or possessions or other areas subject to its jurisdiction ("the USA"). In addition, the Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager will not be registered under the United States Investment Advisers Act of 1940, as amended. No application will be accepted if it bears an address in the USA.
7. The basis of allocation will be determined by the Company in its absolute discretion after consultation with the Sponsor. The right is reserved to reject in whole or in part and scale down and/or ballot any Application or any part thereof including, without limitation Applications in respect of which any verification of identity which the Company or the Receiving Agents consider may be required for the purposes of the Money Laundering Regulations 2007 has not been satisfactorily supplied. Dealings prior to the issue of certificates for Ordinary Shares will be at the risk of Applicants. A person so dealing must recognise the risk that an Application may not have been accepted to the extent anticipated or at all.
8. Money Laundering Regulations 2007
Investors should be aware of the following requirements in respect of the above law.
- Under the Money Laundering Regulations 2007, the Receiving Agents are required to check the identity of clients who invest over £10,000 or who invest using third party cheques. The Receiving Agents may therefore undertake an electronic search for the purposes of verifying your identity. To do so the Receiving Agents may check the details you supply against your particulars on any database (public or other) to which we have access. The Receiving Agents may also use your details in the future to assist other companies for verification purposes. A record of this search will be retained. If the Receiving Agents cannot verify your identity you may be asked to supply a recent, original utility bill and an original HMRC Tax Notification or a copy of your passport certified by a bank, solicitor or accountant or a Client Verification Certificate from your IFA.
- Your cheque or bankers' draft must be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques or bankers' drafts to be cleared through facilities provided for members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner. The right is reserved to reject any Application Form in respect of which the cheque or bankers' draft has not been cleared on first presentation. In the event that the offer does not reach its minimum subscription any monies returned will be sent by cheque crossed "A/C Payee only" in favour of the person named in Box 1 ("the Applicant").
